

Announcement – May 2020

Coronavirus

The CUI team are working extremely hard to ensure your orders are processed within our usual time frames. We have put in place appropriate measures in accordance with government guidelines to protect our employees, customers and partners against the spread of the virus.

We are currently providing a telephone/video remote fitting service ensuring that we can still support our customers and the NHS during these unprecedented times.

We have received positive feedback from customers and stoma care nurses alike on our remote fitting service which includes an in-depth consultation with one of our dedicated Support Specialists.

We continue to monitor any government guideline changes that may affect our future working practices and will update you accordingly.

Thank you for your loyalty during this difficult time.

If you have any queries, please contact our Customer Service Team
